2022-23 CHOICE IN / CHOICE OUT

BRIEF CRITERIA ANALYSIS

Moving students to elementary school campuses leads to better retention of students and allows PK students the full continuum of services available at SAISD elementary schools.

BENEFITS OF RIGHTSIZING

Rightsizing will lead to increased enrollment and additional resources. How those resources are used will be decided by the school's principal, staff and Campus Advisory Council. Rightsizing decisions will lead to early childhood services in every elementary school, fewer split grade levels or teaching assignments, more courses or full-time specialty teachers (art, music, AVID, etc), increased staff collaboration, additional student services (mental health, social work, academic intervention, etc), more robust dual language programs, greater access to extracurriculars, and increases to campus budgets for positions like library services, Family and Community Engagement Specialists, and instructional coaches.

With Tynan moving ECE services to neighborhood schools, more students and families will gain access to:

- Enhanced mental health and social services;
- PK services for Early Childhood students; and
- Reduced time on buses as students will no longer need to be bussed to centers.
